Colours displayed on this colour card are a guide only and have been matched as close as possible to Interpon production standards under daylight conditions. Due to the nature of the printing process some degree of colour and gloss level variation may occur. Where more than one finish is available product colour may vary. We recommend that you use production line prepared samples for final colour selection or approval.

AKZO NOBEL

PCS – Powder Coating Standard Colour. Products with a PCS code are manufactured to an agreed industry standard colour specification.

*Bronze Global Warranty conditions: Warranties are applicable only to Interpon D Approved Applicators. These applicators must apply Interpon D powder coatings over aluminium in accordance with the Interpon D Approved Applicators Manual. The Bronze global warranty is applicable only to residential and light commercial construction to a maximum of 3 levels and greater than 100 m from any saltwater or surf line. Commercial high rise is excluded. A sample copy of the warranty is available on request.
Over-time performance may vary between COLORBOND® steel and Interpon Powder Coatings due to the different paint technologies used.
