

THE WORLD'S #1 CHILD SAFETY GATE LATCH

"You can trust D&D's gate hardware products"

MAGNA•LATCH®
MAGNETIC SAFETY GATE LATCH

So simple even a child can't use it!

Australian Design Award

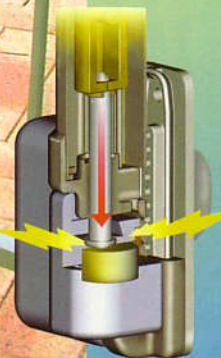

What's the VALUE in choosing "the original" MAGNA•LATCH®?

- ✓ D&D Technologies invented the magnetic safety gate latch
- ✓ The only magnetic gate latch with a Lifetime Warranty (limited)
- ✓ The only Australian Design Award winning gate latch...anywhere
- ✓ Still the only latch with super-safe "Lost Motion Technology" (patented)
- ✓ Using state-of-the-art products reduces the prospect of litigation
- ✓ Proudly 100% Australian designed, manufactured and owned
- ✓ Why risk toddlers' lives by trying to save a few dollars on inferior latches

Can you afford to use anything less than the MAGNA•LATCH®?

Our secret advantage: Award-winning, patented "Lost Motion Technology" is a zone of free-play between the release knob and the latch bolt that provides unprecedented reliability and safety. No other latch offers this technological advantage.

- Magnetically triggered latching (no mechanical resistance to closure)
- Key lockable safety
- Adjusts vertically & horizontally
- No rusting, binding or jamming
- Fits to most new or old gates
- Meets Australian Standards
