# MagnaLatch®

## Stylish general-purpose gate latch for around the home

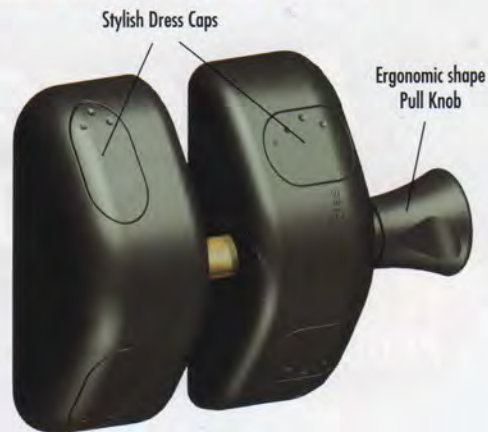

The first MAGNA•LATCH® ever made – the ‘Side Pull’ model – has now been redesigned with a new contemporary look and feel, utilising the famous magnetic reliability without compromising in any way on reliability or strength.

Following the tradition of safety, strength and style set by the rest of the MAGNA•LATCH® range, this new Series 2 ‘Side Pull’ model is ideal for use on both metal and wood gates around around the home and when installed correctly it meets Council Code for swimming pools\*.

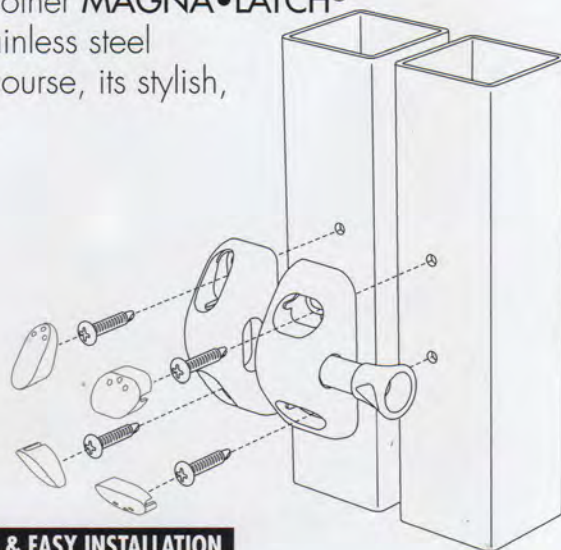

The latch now comes with vertical and horizontal adjustment of up to 8mm makes installation and fine-tuning easy.

Powered by the same super-strong “permanent magnets” as other MAGNA•LATCH® models and made from strong engineering polymers and stainless steel components, it is designed for a lifetime of service. And of course, its stylish, minimalist design will complement any fence’s appearance!

\* If installing this latch on a swimming pool or other child safety gate, always confirm any safety requirements with the appropriate local safety authorities in your area, as regulations may vary from region to region. Always install the latch in accordance with local fence/barrier regulations.

Product code:  
MLSPS2

### QUICK & EASY INSTALLATION

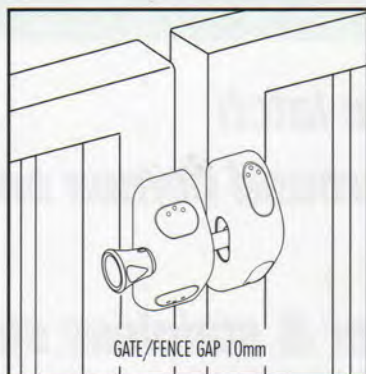

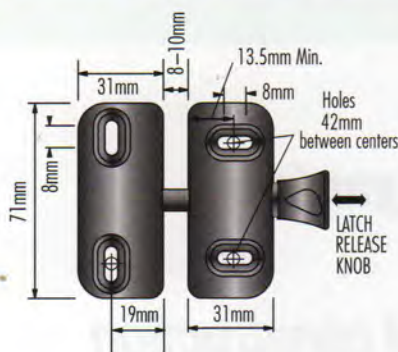

#### Features

- Impact-absorbing gate stop with rubber pad
- Fixing points covered by dress caps
- Horizontal & vertical adjustment
- Quality moulded polymer/stainless steel

#### Benefits

- Protects gate, latch & hinges
- Sleek, stylish finish
- Makes future fine-tuning easy
- No rusting, binding or staining

### MAGNA•LATCH® Series 2 “Side Pull” Model

Code	Applications	Colour
MLSPS2	General-purpose gates	Black

**Description:** An ideal general-purpose, magnetic latch for gates around homes and gardens. Suitable for a wide variety of uses where a non key-lockable latch is all that is needed. Reliable, effective and unobtrusive.

When used on picket-style swimming pool gates, a compliant acrylic shield must be used to prevent access by toddlers. Consult local authorities for height measurement requirements on swimming pools gates.
